

LEAPS & BOUNDS

July, 2011

Dear All,

When I started out, I wanted to build schools that inspired mind and spirit and unleashed the highest human potential. KKEL, the organization came into being with the same purpose i.e. to inspire its partners, teachers, employees and everyone who connects with us. I have always been appreciative of the 'new perspectives' and 'inspirations' that someone new brings along, when they join us.

Lately, I realized if rewarding experiences motivate children then why not adults? Therefore we have started an initiative wherein we will present a 'Certificate of Excellence' for divergent thinking and innovation. I hope to see these certificates adorning the walls of every centre, inspiring all to better themselves everyday.

Regards,

BHIS, Maldives and one of its students receive the prestigious National Award

BHIS, Maldives received a prestigious National Award as one of the top 10 scoring schools in Maldives. This achievement is particularly noteworthy because BHIS's average scores were the 2nd Highest amongst 180 participating schools. And it has been just two years since the school is operational! A student received an award for securing remarkable 7 A / A+ scores in IGCSE O Level results.

Another Grade 5 student who sat for English IGCSE exams on a whim to test his skills scored an 'A' grade. This prodigious achievement also captured media interest.

BHIS, Baroda and Thane secure 100% pass record in ICSE 2010-2011 exams

BHIS, Baroda & Thane students have come out with flying colours in the ICSE Examinations with a 100% pass out record. For BHIS, Baroda this is the first batch and over 67% students have scored distinction and above percentages. BHIS, Thane had the school topper scoring an exceptional 95.4%

Kangaroo Kids, Dubai centre receives a special award for energy conservation

Kangaroo Kids Burj centre received an award for 'Conservation of energy in the work place' held by Dubai Electricity and Water Authority (DEWA). This award is a strategic initiative to combat global warming and climate change - in line with Dubai's concern for environment sustainability efforts.

Kangaroo Kids Turns Eighteen

Hey! I'm your Kangaroo Kids School,
I turn eighteen today, isn't it cool?

I was born in a Bandra apartment in 1993,
To make learning joyful and stress-free.

I love kids and they love me,
When they're with me, they're really happy.

I teach them through hands-on activities,
As they learn about animals, butterflies and bees.

Over the years I've constantly evolved,
To do things differently, I've always resolved.

This year I've been given a fabulous gift,
A complete make-over; a spectacular face-lift.

Now there will be four domains of learning,
To make lessons much more interesting.

The four domains are physical, cognitive, co-operative and social,
An audio-visual room and a doll-house so special.

When the kids see the new 'me', they'll shout with glee,
"I love Kangaroo Kids, it's the happiest place I'll be!!!!!!!"
